

How we are Keeping Everyone Safe

Our COVID-19 measures for Doorstep Jamboree

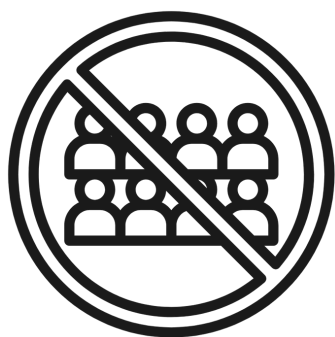

Socially Distanced Performances

All of our performances will take place at a social distance and you will not need to come into contact with any of the performers to take part in the show.

Regular Handwashing

The cast and crew are regularly washing their hands so they don't spread the virus.

No Crowds

Your Doorstep Jamboree performance is just for you, please don't invite your neighbours to come and watch. We will have clear social distancing markings on the ground and an usher will ensure social distancing is stuck to.

Self Isolating

If any of the cast have symptoms of COVID-19 they will self isolate and won't come to your home.

Enhanced Cleaning

Props and costumes will not be shared and are cleaned thoroughly after use.
