

# A World Beneath Us

Experience 1:

Forest Floor

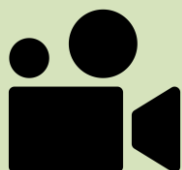

**A World Beneath Us** is a sensory show made by Oily Cart that is sent to family's homes.

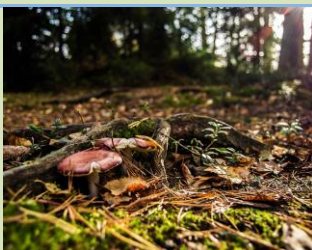

It's made of a sensory **box** and

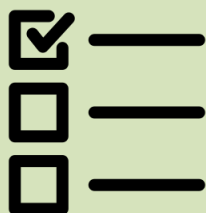

a sensory **film**.

The box is made of 3 experiences

The first experience is called:  
**Forest floor.**

For this experience you will need:

Forest Floor blanket

6 bean bags, they will already be inside your blanket.

Torch.

This torch has multiple settings:  
This torch has **a strobe setting**.  
Please make sure your torch is clicked in the correct setting.

Click the button once to turn on the torch, then press lightly for the main beam, press lightly again for low beam.

Press lightly for a 3<sup>rd</sup> time for the **strobe setting** and press lightly for a final time for the **UV setting**.

Find “The Soil” note and read it with your young person.

You can explore the texture of the note or the packaging material

You can scan the QR codes to watch explainer videos and accompanying sensory films.

You can add or remove weight to the blanket, open the zippers and find bean bags in the pouches.

You can explore your blanket laying down, in your chair or in your comfiest place.

You can explore your blanket in daylight, feeling the texture and the weight.

You can also make the room darker and explore the forest blanket with your torch set in the UV setting.
